## MIKADO NEAR DEATH IN TOKIO

Believed no Chance For Japan's  
Emperor to Recover—Grows  
Worse Rapidly

### FAMILY SUMMONED TO BEDSIDE OF EMPEROR

Japan's Ruler's Distinguished  
Career Made Him One of  
World Figures

TOKYO, July 20.—State messengers were called to the palace today following the sudden sinking of the Mikado, whose condition was even worse than yesterday. It is not believed he has a chance to recover. His temperature is very high and his respiration is thirty-nine.

The imperial prince has been summoned from their summer residences. The Empress and Crown Princes are continually at the bedside.

MUTSUHITO VERY LOW—EVEN  
YESTERDAY HOPE WAS FAINT  
TOKYO, July 20.—Emperor Mutsuhito is critically ill. His majesty is suffering from affections of the stomach and brain. He was unconscious Friday. Reports that the emperor is dying are circulated in the capital.

Mutsuhito was born November 3, 1852, and succeeded to the throne on the death of his father, Meiji, Feb. 13, 1867. He married the Princess Haruko February 9, 1869. He traces his right of sovereignty from Emperor Jimmu, the founder of the dynasty, 660 B. C.

The evolution in modern Japan and the rise of the Japanese to their present position among the world powers has been due, in no small degree, to the broad-minded government of the present ruler. In the event of the death of Mutsuhito, Prince Yoshihito will become Emperor.

## PROBERS ARE IN DEADLOCK

Stanley Committee May Send  
in as Many as Four Reports  
in Steel Trust Probe

WASHINGTON, July 20.—After conferring throughout the night, the Stanley steel investigating committee of the House, disagreed today. It is believed two and perhaps as many as four reports of the steel trust people will be filed.

Recommendations for changes in the Sherman anti-trust law, broadening of the powers of the executive branch of the government in dealing with trusts; recommendation of broader powers for the Interstate Commerce Commission, are the important features of what is believed will be the majority report. An amendment will be offered to the Sherman law removing the difficulty of interpretation of "reasonable and unreasonable" restraint of trade by corporations.

The report also recommends legislation prohibiting the ownership of railroad and steamship lines by mining corporations or the system of interlocking directorates.

**WILL NOT RECOMMEND  
TRUSTS' DISSOLUTION**  
Charging that certain influences had been circulated "distorting and misleading information" concerning the contents of the forthcoming steel investigation report, Congressman Stanley, chairman of the House committee, today emphatically denied the report that the committee will recommend the trusts' dissolution.

## REVOLUTION IN LISBON REPORTED

PARIS, July 20.—Private dispatches by underground lines from Lisbon, tell of a revolutionary uprising there. No details are given.

Wear correctly fitting glasses made by Dr. Leach, 116 East Fourth street.

## U.S. Athletes in German Games— Horine to Front

BERLIN, July 20.—Thirteen American athletes have arrived here to compete in the German games tomorrow. Interest centers in George Horine of California, and Meredith, who defeated Braun, the German champion in the eight hundred meters race. Braun and Meredith will meet tomorrow in a special race. Rose and Gerhard of California are among tomorrow's entrants.

### Bulletins of News

Hot from the wire up to 3:30 p. m.

#### THE WEATHER

Fair tonight and Sunday; light west winds.

**Brilliant Electrical Storm Blasted at Redding**  
REDDING, Cal., July 20.—The most brilliant electrical storm ever known occurred Thursday night. The canyon from Redding to Dunsmuir was revealed in a continual blaze. There was a heavy rainfall in the mountains, but no damage was done.

**Supposed Mendicant Falls Dead—Bank Books Show \$9000**  
WALNUT GROVE, Cal., July 20.—David Lamont, an aged man sent here from San Francisco by charitable people who supposed he was penniless, fell dead here yesterday. Bank books showing deposits of \$9000 in San Francisco and Los Angeles were found in his pockets.

**Busch to Add Pergola and Pool to Sunken Gardens**  
PASADENA, July 20.—Adolphus Busch is planning another addition to his sunken gardens, the wonder place of Pasadena. A permit has been issued to erect a pergola and construct a pool, at a cost of \$3300.

**Yuan's Nominee Vetted by Assembly**  
PEKING, July 20.—The National Assembly voted yesterday a President Yuan Shi Kai's nominee for cabinet portfolios. As a result of the assembly's action the premier, Lu Cheng Hsiang, alone is left in office and he threatens to resign.

**Hanford Probe to Be Completed Tonight**  
SEATTLE, Wash., July 20.—The House judiciary sub-committee investigating charges against United States District Judge Cornelius H. Hanford, devoted yesterday's session to clearing up odds and ends, with the intention of finishing its business tonight.

**Jealous Actor Kills Girl and Shoots Rival**  
ALBANY, N. Y., July 20.—Loyola Gaynes, aged twenty-three, is dead, and William Free, a prominent business man of South Bethlehem, is dying, the bullets being fired by a jealous actor who found Free calling on the girl. It is reported the girl killed the actor yesterday. He is still at large.

**Secret Arrests Reported in Rosenthal Murder Case**  
NEW YORK, July 20.—It was reported at noon that several secret arrests had been made in the Rosenthal murder case. District Attorney Whitman refused to confirm the report, stating that he was certain to land the murderers, but was unwilling to talk of his work up to date.

**Pope Overcome by Heat and Exhaustion at Memorial**  
ROME, July 20.—The Pope was overcome by exhaustion from heat today following the ceremony commemorating the ninth anniversary of the death of Pope Leo XIII. His physician ordered the Pope to suspend all audiences and remain quiet until he has entirely recovered.

**San Antonio Street Duel Results in Sheriff's Death**  
SAN ANTONIO, July 20.—In a street duel this afternoon Deputy Sheriff Baird was shot to death by Deputy Sheriff Flores. Flores is also believed to be fatally wounded. Three pedestrians were wounded. The duel occurred in the heart of the business section during the crowded hours.

**Score of Dead and Hurt in Cloudburst, Recovered**  
LOVEBURN, Nev., July 20.—Telephone communication with Mazama, Nev., was restored at 11 o'clock this morning. The first message said that a score of bodies of dead and injured by the recent cloudburst, had been recovered. Searchers are still busy.

**FORMER GOV. ALVA ADAMS TO RUN FOR U. S. SENATE**  
PUEBLO, Colo., July 20.—Former Governor Alva Adams yesterday formally announced his candidacy for United States senator as successor to Senator Guggenheim. He will make the race for the Democratic endorsement at the primaries against Governor John F. Shafroth, who previously had announced his candidacy.

**Baseball**  
American League: Detroit 3, Philadelphia 4; batteries, Lake and Stange; Plank and Lapp.  
Cleveland 3, New York 4; batteries Gregg and Livingston; Warhop and Sweeney.

## BONDS CARRIED SHIPPED TRUNK OVER FOUR TO AND MOVE IN, ONE BIPLANE

Orange Union High School District to Have a Polytechnic Department

### VILLA PARK WAS BANNER DISTRICT

The Vote on Proposed \$50,000 Issue Yesterday Was 619 For and 142 Against

ORANGE, July 20.—The Orange Union High School District yesterday voted \$50,000 bonds for a polytechnic department of the high school, which aside from lacking a polytechnic department is one of the best high schools in the county. The vote on the bonds was: For the bonds, 619; against, 142.

It is rather an interesting fact that the outside school districts were in favor of the bonds by a heavier proportion than in Orange. Orange, however, voted almost four to one in favor of the bonds, the vote in the city being 456 for and 124 against. Of the 142 votes cast against the bonds 124 were in Orange.

Villa Park came through with flying colors. The vote in that school district, which is a part of the Union High School District, was 60 for the bonds and no vote against them.

**Wyoming Sets Record**  
ROCKLAND, Maine, July 20.—The new battleship Wyoming, sister ship to the super-dreadnaught Arkansas, broke all speed records for big gun battleships yesterday during her standardization speed trials. She attained a speed of 22.045 knots an hour, declared by naval experts aboard to be the best time ever made by a ship carrying twelve-inch guns.

## NEXT WEEK BIG ONE IN DARROW CASE

Developments Expected to be Most Important—Darrow May be on Stand

LOS ANGELES, July 20.—With the counsel and jury in the Darrow trial taking their usual Saturday holiday, many conjectures are being made regarding next week's results, which it is admitted, will be of the most important of the trial up to date.

It is expected that Clarence Darrow will take the stand in his own defense. It is also rumored that many members of the Los Angeles citizens' committee with which Lincoln Steffens testified that he consulted as to the responsibility of ending the McNamara trial by confessions, will be called. The committee included Thomas Gibson, Meyer Lissner and others prominent in the business and political life of the city.

## PROGRESSIVES IN MICHIGAN MEET

Dixon Says National Progressive or Third Party Idea is Spreading Like Wildfire

JACKSON, Mich., July 20.—Delegates from every county in Michigan met here today from the third party in Michigan, the National Progressives. Senator Dixon conferred lengthily with the state leaders. He said: "I personally favor the third party idea. It is going like wildfire all down the line. In New York the Republicans and Democrats alike are turning to Theodore Roosevelt."

**WILL FORM NATIONAL LEAGUE TO ADVANCE PROGRESSIVISM**  
WASHINGTON, July 20.—That a National Progressive League will be formed by the progressive element of the Republican party to urge "popular government" precepts during the coming presidential campaign, was the statement today of Senator Bourne of Oregon.

The plan is to demand the incorporation as addendum to the various platform suggestions, all so-called progressive legislation including primarily the popular election of president, direct primaries, presidential primaries, the initiative and referendum, recalls and a thorough corrupt practices act.

Floyd Smith and Passenger Made Flight From Here to Griffith Field Today

### MACHINE BUILT ON EAST FIRST

Engine Used is Same That Glenn Martin Used at Dominguez and Oakland

Making what may be a world's record for a cross-country flight with a passenger by an amateur, J. Floyd Smith today flew his biplane from the Palmer tract on South Birch street to Griffith Aviation Field at Tropic.

Smith has been flying for two or three days, mornings and evenings, with his wife as a passenger. This morning they gave up their house at 312 Cypress avenue, shipped their trunk to Los Angeles and "flew away."

Smith with a passenger started from Santa Ana at 5:40 o'clock, and landed safely at Griffith Park at 6:30 o'clock.

The machine that Smith used was built at the old cannery building in this city, and was first tried out at Stanton. Smith used the engine that Glenn Martin used at Dominguez and Oakland.

## WILSON HELD A RECEPTION

200 Congressmen Entertained Today at Sea Girt—Begins Acceptance Letter

SEA GIRT, N. J., July 20.—Gov. Wilson spent today drafting his letter of acceptance of the Democratic nomination.

Two hundred Congressmen in a special train visited the Democratic nominee this afternoon. A reception was held on the lawn and veranda of Gov. Wilson's summer capital, Wm. F. McCombs, the new chairman of the national committee, was expected today to reach Sea Girt.

**MACK TURNS NATIONAL BUSINESS OVER TO McCOMBS**  
NEW YORK, July 20.—Norman E. Mack yesterday turned over all the business of the Democratic national committee to Wm. F. McCombs, who was selected to succeed him as chairman of the committee.

**\$666,646 SPENT IN 1908**  
WASHINGTON, July 20.—Herman Ridder, former secretary of the Democratic national committee, testified before the senate committee investigating the election of 1908 that the Democratic funds of that campaign totaled \$666,646. The expenditures were one thousand dollars less.

Ridder, giving \$10,000, was the largest contributor. He also gave \$9000 in his son's name. Lammany gave \$10,000, William F. Sheehan and E. F. Poltra gave \$3000 each, and Samuel Untermyer \$2500.

**CLARK AND HUGHES HEADED CONGRESSMEN**  
Champ Clark and Congressman Hughes marched to the Wilson home at the head of the congressional delegation. Governor Wilson met the men at the steps of the home. His first act was to grasp Clark's hand. Clark delivered a congratulatory address and presented Wilson a leather-bound book containing the autographs of the Democratic members of the House. Wilson replied with a speech of thanks, saying:

"The country expects us to make living easier. That is the more solemn duty because of its difficulty. In that duty I wish to be your companion and comrade."

### FUEL OIL WILL GO FREE INTO CANADA HEREFTER

VANCOUVER, B. C., July 20.—Fuel oil will be admitted free to Canada hereafter, under an order issued yesterday by the customs department at Ottawa. The order specifies "fuel oil, including crude petroleum and re-refined of crude petroleum of 28.5 specific gravity or heavier."

The matter came into controversy on July 12 when the steamer Washenaw arrived from San Francisco with a cargo of fuel oil and a duty of 1 1/4 cents a gallon was demanded, this being as much as the oil was worth. The Washenaw landed the oil in bond and appealed to Ottawa.

## WALLACE MAKES FORCEFUL REPLY TO WORKS' LETTER

## NEARLY MILLION DOLLARS IS TOTAL OF ALL WARRANTS DRAWN BY AUDITOR IN YEAR

County Auditor C. D. Lester has prepared a statement showing expenditures of the county for the fiscal year ending July 1, 1912. The items as they appear in the following are totals, which include salaries and all other expenses. If a new desk, typewriter or filing case was added to an office equipment it is included in the total. The auditor's figures follow:

Total amount of all warrants drawn by County Auditor for the year ending July 1, 1912, \$966,886.85

The various offices, courts, schools, roads and institutions, etc., being as follows: (the cost of running each county office includes all expenses such as supplies, typewriters, desks, filing cases, telephones, books, etc.)

Schools	\$663,966.22
Roads and bridges	115,081.39
Indigent poor	31,627.25
Assessors' office	11,720.70
Auditor's office	5,205.00
Clerk's office	8,791.54
Coroner and Pub. Adm.	1,676.80
District Attorney's office	5,186.34
Recorder's office	9,176.93
Sheriff's office	7,554.82
Supt. of Schools' office	4,055.51
Surveyor's office	3,273.43
Treasurer's office	2,724.23
Tax Collector's office	8,636.68
Superior Court	9,017.57
Justice Courts	5,825.50
Constables	5,320.38
Board of Supervisors	8,990.85
Hee Inspector	784.00

In addition to the above the county has paid the state \$39,587.85 for taxes due the state and amount due state institutions.

The amount of cash on hand July 1, 1912, was \$340,789.87.

## LONG BEACH AIMING HIGH

City Proposes Two Million and Half Bond Issue to Take Over Harbor Rights

LONG BEACH, July 20.—The Chamber of Commerce began work today on a project to secure a two million and a half bond issue for the city to take over all the land and other rights about the new harbor. The harbor will hereafter be under strict city supervision and probably will be free. The Chamber of Commerce claims to have the assurances that the city government will push the plan.

**McCall to Quit Congress**  
BOSTON, July 20.—Congressman McCall announced yesterday that he will retire from Congress after twenty years' service. His action is believed to be based on his desire to succeed Murray Crane as United States Senator, although it may be influenced by the fact that the redistricting of the state has sensibly reduced his chances of re-election to the House.

## PROGRESSIVES REFUSE TO BE QUITTERS

Says That California Voters Cast Over 70,000 Majority For Col. Roosevelt

### AND PROPOSE TO FIGHT TO FINISH FOR RIGHTS

LOS ANGELES, July 20.—Lieutenant Governor A. J. Wallace and the other California Progressives who demanded the resignation of United States Senator John D. Works because of the fact that he had aligned himself with the reactionary Republicans responsible for the nomination of President Taft at the fraudulent Chicago Republican convention, yesterday prepared and forwarded a letter to Senator Works further stating the position of the Progressives of this state.

In the letter Mr. Wallace draws attention to the fact that the voters of California declared for Colonel Roosevelt by a majority of 77,000. He and the voters who signed the original telegram to Senator Works resent the advice of the senator that they withdraw from the Republican party in California if they are unwilling to accept the yoke put upon them by the Republican bosses at Chicago.

**Voters Will Not Lie Down**  
Senator Works' attention is called to the far-reaching effect of the action of the fraudulent Chicago convention, and he is assured that the voters of California do not intend simply to lie down and permit the snatching of the fruits of their progressivism from them.

Among other things Mr. Wallace says significantly:

"It surely, senator, should appeal to you as a most serious wrong, a heinous crime indeed, that millions of voters in our great country should have been robbed of their birthright, the franchise, by the action of a few men in a national political police. The effort to give these millions a chance to recover that which has been taken from them, namely, the right to vote for the candidate whom they supported and who was the unquestioned choice of the Republicans of this country, should have your aid and comfort."

"You make a harsh pronouncement against the wrong of using the name of an old party which arranging for the organization of a new party, and seem to forget principles which are vastly more significant than mere party. You exact the impossible and overlook the controlling influence that time, or the lack of time, imposes on our political action at this juncture. The California law makes no practical provision for the organization of a new party. There is not time to call a special session of the legislature and enact remedial legislation that could be effective at the primary election in September. If the governor of California and the legislature of this state could have known in advance of the steal to be perpetrated in Chicago, then our laws could have made provision for the designation of a new party name."

### PROGRESSIVES WILL PUT MATTER UP TO PEOPLE OF THE STATE THIS FALL

"We in California have had our state laws mocked, our 77,000 majority discarded, and we can lie down in utter humiliation or stand up as men and fight with the ammunition at hand. You counsel inaction, or action that would be desultory and ineffective. The voters, who last May elected delegates to nominate Roosevelt, are intelligent and alert, and cherishing the same principles that were theirs in May and recognizing in Roosevelt the same worth and leadership that characterized him at that date, insistently demand an opportunity to repeat that vote, and that with every legal advantage that was theirs in the recent election. They have not changed their candidate, their party, nor their principles, and there is no assured way to give them their rights except to use the Republican machinery to which they are accustomed, and which is their own. Hence the Progressive Republicans will select legislative candidates favorable to Roosevelt and if they are successful in securing their nomination at the state primaries they will be expected to name Roosevelt electors. If, indeed, they fail and a Taft legislative ticket be nominated, then they will just as certainly give their support to Taft electors. This is in harmony with what was done in the May election. It was right then, it cannot be wrong now. The only thing that could, in this respect, make any difference between the May and September elections is the stealing that was done in Chicago in the interval. We hope that may affect the thieves by every principle of justice, but it must not injure those who suffered by the theft."

## QUADALAJARA EARTHQUAKE

Worst in Its History; 22 Shocks—5000 People Leave—Entire Street Destroyed

GUADALAJARA, Mex., July 20.—Panic stricken with fear over the worst earthquake in the history of the city, five thousand people left here today.

Every building in the city was damaged to some extent. One whole street was destroyed. Twenty-three shocks were felt yesterday, but no fatalities were reported.

### ALL EUROPE INTERESTED IN PANAMA EXPOSITION

SAN FRANCISCO, July 20.—Gratifying interest was shown in the 1915 exposition here by the rulers of nearly every European country, according to Exposition Commissioner William T. Sesson, who returned Thursday from a ninety-day tour of Europe.

The commissioners visited every European capital, and were presented to seven kings, the crown prince of Sweden, Archduke Joseph of Hungary, and the presidents of three republics.

## FLEA BEETLE DOING DAMAGE

Bell Pepper and Tomato Seed  
Beds Are Being Destroyed  
by Insects

The flea beetle is doing much damage in the bell pepper and tomato seed beds, and growers of those products are having difficulty in making arrangements to get enough plants to put out the desired acreage for the winter crops along the foothill section in this county.

The flea beetle has already destroyed many of the seed beds. The insect not only chews the leaves but also the stem, which causes the plant to wilt immediately.

County Horticultural Commissioner Bishop has been working on the problem, and advised the use of a tobacco spray. This is working well and where used has stopped the inroads of the beetle. Many of the growers in the Olive, Villa Park and El Modena districts have been compelled to contract elsewhere for plants for setting out for the winter crops.

## ORANGE RANCHER IS BADLY INJURED

Orange News: George Schroeder, while working this morning on his ranch at Richfield, met with an accident in which he was fortunate to escape without permanent disability.

Mr. Schroeder was at work with a hay baler, which for some reason was not working properly. Using his foot to push hay into the machine, he was caught when it suddenly started. The accident resulted in a compound fracture of the ankle and severe cuts on the leg.

## CLOTHING AND SHOES TO SOAR IN PRICE IN 1913

NEW YORK, July 20.—The price of clothes is going to be advanced next year. This is indicated clearly, merchants say, by the prices named by leading producers of cloth, who have lifted the prices for the spring of 1913 season from 7 1/2 to 20 cents a yard above 1912.

The most important cause of the advance is that the domestic wool clip this year is about 30,000,000 pounds smaller than a year ago, according to the manufacturers. The price of wool also has gone up abroad. Mill owners say the high scale of wages and shorter working hours also will have their effect on the increased price of cloth.

## IRON IN SOIL AT OROSI GIVES ORANGES THAT RICH RED COLOR

The orange growers of upper Tulare County, in the Orosi district, have for several years been quietly cashing in on a commodity that practically costs them nothing. We refer to the rich red color of the oranges grown in that section which is due to climatic conditions, and to the great amount of iron in the soil. Orosi oranges are larger, juicier, more luscious—and are ripe and ready for market from four to six weeks earlier, practically the entire crop of Tulare county having been marketed last year by the 15th of December. In most sections, this early marketing would be of inestimable value through escaping the possibility of damage from frost—but up there little is thought of that circumstance, as the entire Orosi district is free from damaging frosts even during the most severe winters.

This freedom from frost is due to location, the district being protected

## TO COMMENCE ON AUGUST 10

New Product is Coming in—  
Plan to Move it Quickly  
as Possible

ONTARIO, July 20.—The factory of the American Beet Sugar Company at Chino will commence operations August 10, according to Manager John T. Schroeder, who states that everything points to a good campaign and that the output will in all probability exceed that of last year, when \$2,000 tons of beets were sliced in 105 days. He also states that everything is now practically in readiness for handling the big crop.

About 110 men are now employed in and about the factory and inside the grounds everything is in readiness. A great many improvements have been made in the factory since last year. Among other things a new cement floor has been put in under the crystallizers, the refrigerating plant has been overhauled and added to and new unloading bins have been so arranged that beet cars can be unloaded as they come in.

In the fields, Chief Agriculturist M. Rudorff is busy getting ready for the harvest and reports that the beets are ripening in splendid shape. About two-thirds of the company's land was irrigated this year and Messrs. Schroeder, Rudorff and McInnes, who have just been over the fields, report everything in first-class condition.

## Santa Ana Painless Dentists. 102 1/2 East Fourth St. Main 253.

—Special Neapolitan Ice Cream  
Bricks, Pints 25c. Quarts 50c, at the  
Dragon, Saturday and Sunday.

## 40 ASSEMBLY DISTRICTS WITH NO CANDIDATES LISTED

SACRAMENTO, July 20.—Thus far there are about forty assembly districts and a dozen senatorial districts, out of the twenty for which elections will be held, where there are no candidates as yet listed for the primary election with the secretary of state. In a number of cases candidates have filed their petitions with the county clerks in the counties where they were circulated and, apparently, considered their work finished. Many have failed to file with the secretary of state their affidavits about their party affiliations and also have not sent the required fee for filing their papers. This has necessitated much correspondence on the part of the secretary of state's office.

## HAS DISPOSED OF OLD CROP

Dried Fruit Association Clears  
Away All That Was Left  
of Last Year

The Dried Fruit Association has disposed of all the old crop fruit left in Santa Ana. The secretary will send out a dividend to the members from the advance of \$12,000 paid over. The balance will come in as the fruit is moved out of the packing house and a final accounting will be made, as early as can possibly be done.

New crop fruit is already being brought in. The enlargement of the packing house and the grader will make it possible to receive fruit promptly.

The secretary is following the instruction of the membership and the board in making prompt disposal of the new crop and the outlook in that respect is very good today. A price is offered that may be considered fair in view of the fact that there is yet so large a proportion of the apricot growers of this county and of the state unorganized who are pulling the price down.

Orders are in for early export shipment and prompt delivery of fruit to the packing house will be requested.

## MEXICO CITY GETS READY FOR ATTACK

Increase Mounted Police—  
Veterans Would Disband;  
Monoplanes in Warfare

MEXICO CITY, July 20.—For the defense of the national capital in case of an attack by Zapata rebels, the mounted police of the city has been increased to 800 men. The War Department has equipped the organization with Mauser rifles and placed \$40,000 rounds of ammunition at the disposal of the force. The order reads that the new equipment is "for the purpose of active service in the Federal District if necessary."

Almost Wiped Out  
Ninety veteran volunteers, all that remains of Fifti-second battalion of Rurales, worn out, discouraged by their numerous battles with the Zapata rebels, have asked President Madero to retire them from active service.

This corps went into the field with 400 men, and among the 310 killed was the commander, Col. Barrera Zambrano. The veterans declare they have been harshly treated and demand to be allowed to get out of the service.

It is not likely the War Department will permit the men to retire, and active steps are now being taken to recruit and reorganize the battalion.

## GEN. HUERTA WILL USE MONOPLANES IN WARFARE

EL PASO, Tex., July 20.—Two big seventy-horse-power Blériot monoplanes, now in Huerta's command, which is moving on Juarez from Chihuahua, will be used by the Mexican Federal aviators in the hill country around Casas Grandes and Madera. They were purchased in the United States and were first shipped to Torreon by way of Eagle Pass.

Lieutenant Vargas is in command of the aviation corps, which has been organized to pilot the machines. As the rebels are not expected to offer any serious resistance to the Federal entrance into Juarez it is not expected that the monoplanes will see much action on the border here. But they will be of particular advantage in locating the enemy in the mountainous country of Western Chihuahua, and it is for this that Gen. Huerta is bringing them with him to Juarez.

Insurrectos Destroy Railroad.  
JUAREZ, Mexico, July 20.—Gen. Marcelo Caraveo, in charge of the work of destroying the Mexican Central Railroad, yesterday finished the first fifty miles of his task. His men were at Loeza, 146 miles south of Juarez, last night.

## PLACENTIA ORANGES BRING HIGH PRICES

Placentia Courier: Placentia oranges continue to lead in the eastern markets, and fetch the highest prices. The Placentia Mutual Orange Association Monday received a telegram announcing the sale of a carload of their fruit in which their fancy grades were sold at public auction at 10 o'clock in New York City at prices ranging from \$4.13 to \$7.15 per box, the average being \$5.90 per box. This is the highest record price for the season so far.

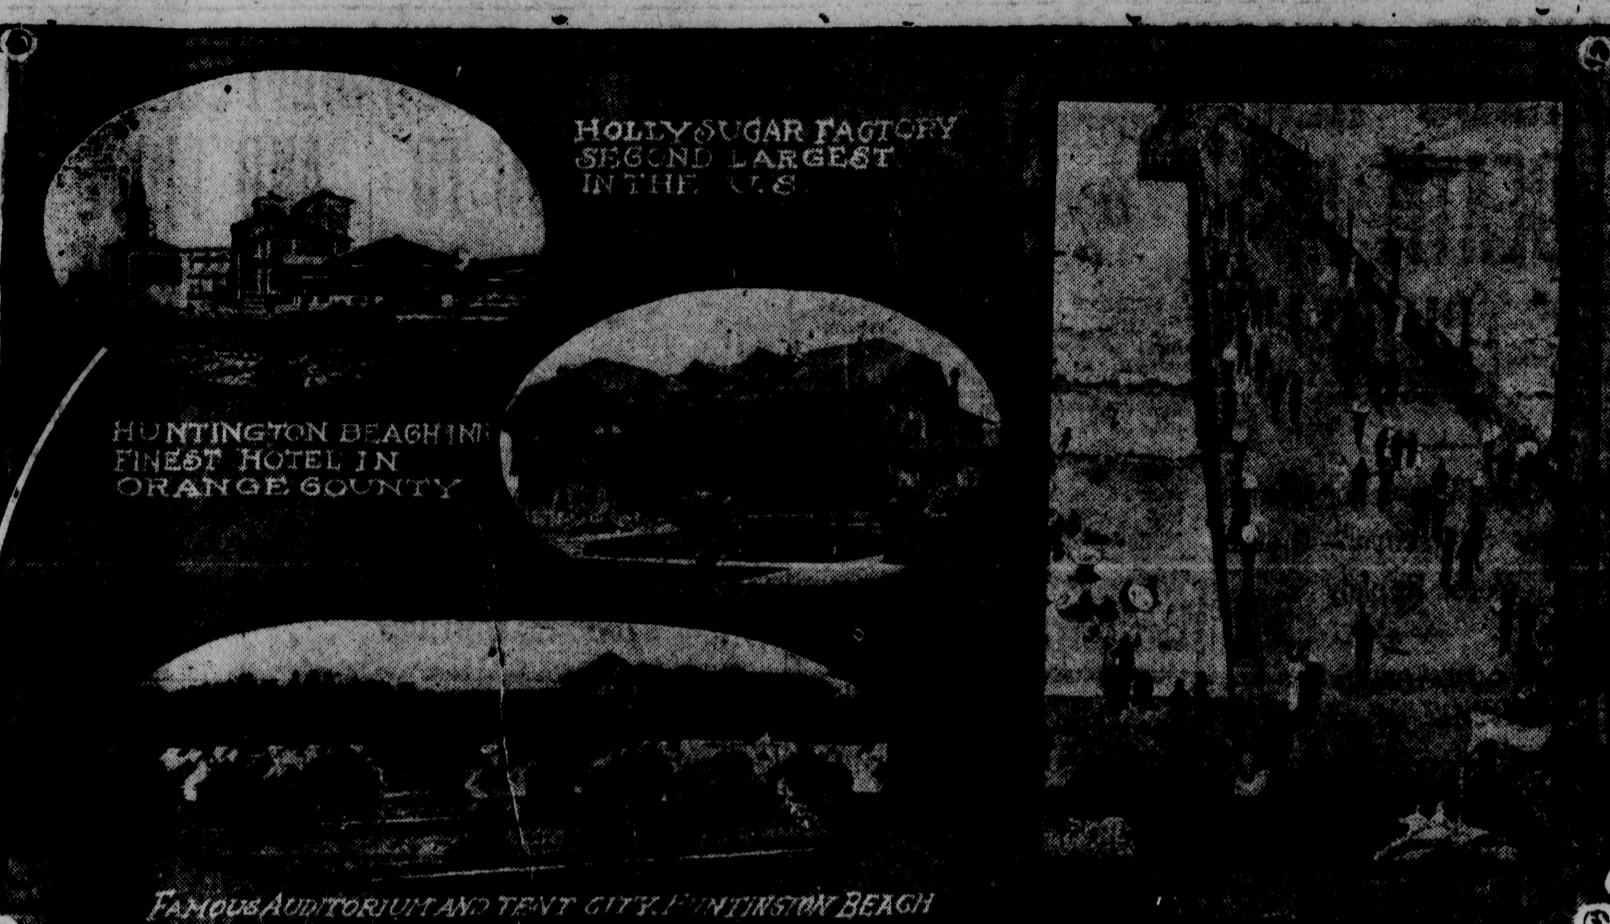

The Placentia Mutual Orange Association led the market in the prices received last season until November 27. Their Shamrock brand brought \$9.28 per box in the New York auc-

**SENT GREENBACKS  
WITH LAUNDRY BUT  
GOT THEM BACK**

SAN BERNARDINO, July 20.—When his laundry bill showed a charge for washing four greenbacks, George B. Rowan of Seventh and D streets, this city, gasped in astonish-

# Beautiful Huntington Beach

A Justly Popular Beach Resort---A Charming Spot for a summer or winter home---A thriving agricultural center

**H**UNTINGTON BEACH is a combination of almost everything desirable for the home-seeker, sojourner, investor and those on pleasure bent. Its climate is perfect at all seasons of the year; its social and moral conditions are unexcelled; its beauty of location, with superb mountain and marine views, is the delight of all who behold. Besides being a popular beach resort, with fine surf bathing and fishing, modern pleasure pavilion, pier and bathhouse, a superb beach and slightly ocean front bluffs, Huntington Beach is a commercial and industrial center. It has a "back-country" of thousands of acres of the richest and most beautiful agricultural lands—peatlands for celery, sugar beet lands, bean lands and lands suitable for all kinds of crops. On the outskirts of the city are located a great sugar factory, tile factory, barley-crushing and bean-cleaning plants. The city has over 1500 inhabitants and is growing rapidly. Splendid schools and churches are there, broad paved streets, fine business blocks, beautiful homes. Railroad facilities include the Southern Pacific steam road and the Pacific Electric trolley lines, one running in from Santa Ana, the county seat of Orange county, and the other from Los Angeles, extending on to Balboa. Arrangements have been made by which Huntington Beach will in future have a 45 minute car service to Los Angeles the year round with three flyers daily to Zafaria, the junction for Long Beach. Huntington Beach has been chosen year after year as the place of meeting for the Southern California Veterans' Association, Aug. 13-23; Socialists encampment July 1-7; Methodist camp meeting July 21-August 4.

One of the most popular attractions of Huntington Beach is its "Tent City," located only three blocks from the ocean, convenient to car lines. The grounds are attractively laid out and planted with trees and shrubbery.

Huntington Beach homes are surrounded by beautiful lawns and gardens, the rich character of the soil and the abundant supply of pure water making it easy to grow anything.

For Sale—40 acres good rich sandy-sediment loam, all under cultivation. Four room California house, 7-inch artesian well, 8 h. p. pumping plant and plenty of shade trees. Price \$250 per acre. Half cash, balance easy at 7 per cent.

Those wishing to make sure and safe investments in the famous peatlands locality make no mistake in letting us show what we have to offer. We are willing to put our time against yours—let us give you an auto ride through our rich country. Make an appointment by phone. Both phones 33.

## NO WORD YET OF HIS PLANS

C. Y. Martin Anxiously Awaits  
News of What Effect Ban  
Will Have on Glenn

C. Y. Martin of Santa Ana, father of Glenn Martin, the aviator, as yet has received no word as to what effect the disbarment of Martin from participating in licensed aviation meets will have upon his son's plans. When Glenn Martin left Santa Ana the latter part of June he expected to remain in the East until after the big Chicago meet. He flew in the Boston meet that commenced on July 30 and ended on July 4. Participation in that meet caused Martin, Beachey and several other aviators to be put under the ban by the Aero Club of America because the meet was not licensed by the Aero Club.

Concerning Martin's flying at Boston, the Boston Globe said: "The most perfect gliding at this meet is done by Glenn L. Martin. He has a machine that will almost stand still in the air, so perfectly is it balanced. Behind the machine, however, is one of the most skillful aviators in the country. He has glided without power, a distance of four and a half miles. This comes pretty near being perfect sustenance. He built the machine himself and the United States government has just purchased a similar one from him."

According to the Boston Herald, the Boston meet was a failure financially, the management going \$25,000 in the hole. Miss Scott got all of her guarantee money, and Martin got nearly all of his. Most of the aviators had to leave with twenty or twenty-five per cent of their money. The aviators declared that they were misled into signing contracts to enter the meet on the understanding that it was to be under the auspices of the Aero Club of America.

### Keeping It Up

No man can keep up with the auto game unless he has his machine looked over every little while by an expert machinist who knows the structure and mechanism of the standard car from A to Z.

### EXPERT SERVICE

Why not consult us on your repair jobs, overhauling, adjusting and general oversight work? We have a reputation to keep up, and we guarantee to please you.

## CALIFORNIA FARED WELL

By Appropriations For Harbor  
Improvements in Rivers and  
Harbors Bill

WASHINGTON, July 20.—With all the California items safely tucked in, the House yesterday adopted the conference report on the Rivers and Harbors bill. As the Senate has already acted, the bill now goes to the President for his signature.

Largest among the items now finally assured for California are \$327,250 for the dredging of the outer Los Angeles harbor, \$200,000 for improving Monterey harbor and \$120,000 for Oakland harbor.

**Sacramento Project Lost Out.** As a whole, California has fared well in the bill, the only disappointment being with reference to the gigantic project for the improvement of the Sacramento river and its safeguarding against flood ravages.

This appropriation was rejected, principally through the objections of Senator Burton of Ohio, who held that the project more properly belonged to the reclamation field than to a place in the Rivers and Harbors bill.

In addition of the appropriation of \$327,250 for the dredging of the outer harbor, the bill carries \$25,000 for the continuance of the improvement of the 30-foot channel.

The bill also authorizes the Secretary of War to grant to the City of Los Angeles the title to the submerged government land, around the military reservation of Dead Man's Island, in exchange for approximately ten acres of submerged city land in the outer harbor in front of the San Pedro military reservation.

In addition to the Los Angeles harbor appropriations, the bill carries the following items: Provision for a general survey of the Los Angeles and Long Beach harbors; general survey of the Redondo harbor, and survey for Los Angeles and Long Beach harbors, and Los Angeles and San Gabriel rivers and other streams flowing into these harbors, with a view of removing the menace from silt.

**SWISS MINING EXPERT  
PRAISES CALIFORNIA**

Los Angeles Examiner: "The United States is truly a remarkable country, whose richness and fertility are not fully appreciated by Continental residents until they have seen for themselves. And California is the wonder state of them all, for it has beauty, prosperity, riches and the most wonderful climate in the world." This was the high tribute paid to California by Dr. Rene Clavel of Berne, Switzerland, who is touring the United States giving special attention to the mining districts of the West.

Dr. Clavel has visited many mines in Nevada, California, Arizona and Montana with the intention of buying property. Now at the close of his trip, he pronounces the West one of the richest countries he has seen in all his travels.

### CONNECTING GAP

POMONA, July 20.—The long-delayed work of connecting the gap between the terminus of the Pacific Electric Railway's tracks at San Dimas and the local Pomona lines has been started and will be pushed to completion, all rights of way matters which have been the cause for delay, having been adjusted.

Citizens here were recently compelled to subscribe an additional sum to the amount of \$6000, on the right of way proposition. Before October it is expected that the interurban cars will be running between Los Angeles and Pomona.

## SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs.  
Green, But She Finally Found  
Relief in Cardui.

Meets, Va.—Mrs. J. C. Green of this place says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well."

One day, I decided to try some Cardui. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardui will do for sick women."

A few doses of Cardui at the right time, will save many a big doctor bill, by preventing serious sickness. It tones up the nervous system, and helps make pale cheeks fresh and rosy. Thousands of weak women have been restored to health and happiness by using Cardui. Suppose you try it. It may be just the medicine you need.

## POTATO CROP IS SPOILED BY HEAT-- PRICES HELPED

Los Angeles Examiner: More than half the potato crop of Southern California has been spoiled by the warm weather of the past few days, according to reports received at the Los Angeles market from the potato planters of Los Angeles county and vicinity, yesterday.

This will cause some loss to farmers, but not so great a loss as during former years when potatoes were high and crops were small.

In fact, it may be said that in some districts, owing to the tremendous crop and the low prices that potatoes have reached in this market, the farmers would really have saved money by leaving the potatoes in the ground, even if the damage to the crop had not come.

The present blight of the potato crop is therefore not to be regarded in the least as a calamity, but merely a providential intervention in a congested crop situation that will, in the end, be beneficial.

The potato market will go through a readjustment, and no one, from rancher to consumer, will suffer materially.

Commission merchants stated yesterday that the extremely low price of potatoes, due to the enormous crops in all sections of the state, and particularly in Southern California, would not make the loss of half the crop felt so keenly.

## ICEBERGS FORCED SHIPS FROM COURSE

Great Liners Encountered Mon-  
ster Bergs Similar to One  
That Was Fatal to Titanic

NEW YORK, July 20.—Huge icebergs, one of them more than 1000 feet long and 200 feet high, forced the Mauretania and Adriatic, which docked here yesterday, from their course in the North Atlantic, and gave the officers serious hours of wakefulness. The bergs were sighted Wednesday night in latitude 48.30, longitude 42.00, according to Albert E. Gates of San Francisco, who was a passenger on the Adriatic. Mr. Gates declared them the largest bergs he had seen, though he has crossed the Atlantic several times.

Officers and passengers described the largest berg as similar to the one which sent the Titanic and her 1834 passengers and crew to the bottom.

Poultry dinner at the Hotel Rochester, Orange, tomorrow, 12:00 to 1:30, Price 50c.

## ROD AND REEL CLUB FORMING

Local Fishermen Are Interest-  
ed in Furthering the Inter-  
ests of Sport

The foundation has been laid and the cornerstone put in place for an Orange county rod and reel club. An enthusiastic gathering of sportsmen attended the first meeting and action was immediately taken to formulate a social as well as protective association to aid in advancing light tackle fishing and assist in securing legislation to protect the game and fish of this district.

Anyone familiar with the recent Jap raid and the almost extermination of abalone, as well as the brazen law-breaking selters for surf fish will immediately realize the value of this club to the county in assisting in the preservation of our fish and game. An appeal from single parties often falls on deaf ears, while the concerted action of responsible men will always gain a hearing.

Competent and enthusiastic boosters were appointed and the work of increasing the membership will be begun at once. The club is meeting with the approval of men who never fish and cannot see the pleasure derived from a day's angling as well as the ardent sportsman who forgets meals and time when fish are biting. Liberal class rules will be formed to govern the weight of tackle in order to encourage everyone interested in angling, and valuable prizes will be given those whose expertness gains for them the distinction of landing the big fish. Fish stories will be encouraged, and the club hopes to soon have its record catches given as much reading space as those made in more advertised waters.

The waters of Catalina Island are the fishing grounds of widest repute in the West and are known wherever sportsmen gather. Fish stories are printed every day of the wonderful catches and thousands of anglers are drawn to the island each year to enjoy the fun and be in the limelight of the light tackle world. It is the wonder of fishing told of in the big dailies, that has made this island the headquarters of the wealthiest anglers in the country, for its delightful climate can be enjoyed in any of the Southern California sea resorts. Catalina fishing was discovered by some lucky angler and the fish have done the rest, until it has gained its wonderful reputation.

The Orange county coast holds even more alluring opportunities for the angler, but it is practically unknown in the sport column, and while being so near to a sportsman's mecca these abundant waters have remained comparatively unknown, carefully guarded by market fishers. During the past season light tackle experts have discovered the abundance of surf fish and this branch of sport is fast making a reputation for the county. When surf fish are running the big catches are almost invariably reported from the San Juan beaches, and when the number who find it possible to reach this district is compared with the thousands of sportsmen who fish at easily accessible resorts, it is wonderful to note the success.

The Laguna and Aliso surfs are unknown to the rod and reel men, and yet they teem with corbina, spot fin and bass. Were catches from these beaches recorded and published sportsmen who travel miles to obtain big catches would soon be familiar on this stretch of coast and the names would be commonly mentioned as those of famous fishing resorts. Most of the tackle and bait used here are crude and far from up-to-date. With the advantage of latest tackle and plenty of anglers the catches would be record-breakers.

From Corona del Mar to San Juan point are miles of kelp beds where hundreds of varieties of fish live. Here are to be found bass, rock cod, barracuda, yellowtail and jewfish (black bass.) Spanish mackerel, albacore and tuna feed in the vicinity of these beds and can be caught here as plentifully as any place on the coast. There are miles of these great fishing waters new to light tackle men and only waiting for the lucky angler to put them on the map. Once discovered, fishing parties will be as common as those of Catalina, and catches as great, while accommodations for sportsmen will spring into existence where now are stretches of deserted sand and reefs of jagged rock.

Earl Glenn is continuing to establish his reputation as an expert rod and reel man, having added a five and a half pound corbina to his list during the week.

Mart Hubbard came in Hill & Walker's to report excellent fishing at Serra during the week.

R. Shaffer of Newport claims rock cod, bass and barracuda are more plentiful off the Laguna kelp beds than ever before.

Conrad Crookshank was host at a dinner party at his San Juan ranch Thursday evening. After dinner the party journeyed to Serra for an enjoyable evening's fishing.

George Benedict happened into Newport during a mackerel run and returned with nineteen greenbacks.

Carl Mansur and party took nineteen corbina, yellowfin and bass at Green bay, Laguna, as reward of an afternoon's outing.

John Harmon and brother leave today for Serra for a short outing. Mr. Harmon is an enthusiastic fisherman and has made some record catches.

Dr. M. A. Patton, John Luxemburger, Howard Turner, Clare Johnson and T. M. Hill are boosters for the local rod and reel club. Look out for them, as they are live organizers.

Do your feet hurt? Dr. Mitchell, Chiropractist, will stop it. No. 100 1/2 East Fourth Street.

## COLARBONE WAS BROKEN IN FALL FROM MOTORCYCLE

Curtis M. Jordan, the contractor, was thrown from his motorcycle yesterday, and his collar bone was broken. Jordan was riding out North Main street when an automobile in front of him slowed down suddenly, and he was compelled to turn on to the sidewalk in front of the Evangelical church at the corner of Tenth and Main streets. The motorcycle struck the cement steps, and Jordan was thrown. The motorcycle was wrecked.

## STANTON MAN IS DROWNED

Stanton Optimist: On July 1 Thomas Long and wife and little daughter left Stanton for a visit to relatives of Mrs. Long at Centralia, Washington. Mr. Long had been in charge of the sub-power station at this place for the Pacific Electric Railway Company for more than three years, and he had been granted a leave of absence for three months.

Everything went well on the trip until Portland, Ore., was reached. While waiting at the Portland depot for a train to take them to Centralia, Mr. Long walked outside the building and as he did not return in a reasonable length of time, Mrs. Long went to look for him. All of her efforts to locate him were in vain and she reported his strange disappearance to the police, who took up the search. As the officers were unsuccessful in finding the missing man, Mrs. Long telegraphed her relatives at Centralia and they at once came to her assistance, but it was not until eight days later that any trace was found of Mr. Long and on that day his body was found in the Rogue river where it had, probably been since the day of his disappearance.

Up to the time of going to press it was impossible to gain any definite details regarding the sad affair and until we are in possession of something more definite we will say nothing further except that there seems to be no doubt but Mr. Long lost his life by drowning in the river.

Deceased leaves a wife and little daughter, a mother, three brothers and three sisters. His wife and daughter are with the remains in the north and the other relatives reside near Corvallis Station, Stanton.

**DRIFTED AT SEA**  
SAN DIEGO, July 20.—After drifting three months at the mercy of the sea, suffering from hunger while their trail craft was buffeted by wind and wave, Capt. Kami Kichi Wosaki and four half-starved Japanese countrymen abandoned their vessel today thirty-five miles north of this city, got ashore in a small boat through a roaring surf and tonight surrendered to the immigration officials here.

## ROOSEVELT A WINNER

The progressive party will be a young men's party, a party of the present and the future, not of the past. It will be progressive in the upbuilding and commerce, it will be constructive, not destructive, it will be progressive in all that is sane and sound and substantial and right and just.

These are the words of the Boston Journal, one of the leading eastern Progressive papers, which then proceeds to figure Col. Roosevelt a winner as follows:

There will be 531 votes in the electoral college; necessary to elect a president, 266. In his presidential campaign Roosevelt, against tremendous odds, without organization or means of patronage possibilities, carried the states represented by the electoral votes indicated:

"Arizona 3, California 13, Idaho 4, Illinois 28, Indiana 15, Kansas 10, Maine 6, Maryland 8, Massachusetts 18, Minnesota 12, Missouri 18, Nebraska 8, New Jersey 14, North Carolina 12, Ohio 24, Oklahoma 10, Pennsylvania 39, Washington 7, West Virginia 8, total 257.

"North Carolina and Oklahoma are the only states in the list that are not either Republican or close, with a good chance for Republican success. Taking their 22 out of the list, there are still left 235 electoral votes in this group, and only 31 more would be needed to elect.

"Add Wisconsin 13, Iowa 13, North Dakota 5, and there is a total of 31, representing Republican Progressive states certain to be strongly for Roosevelt in such a campaign.

"In all these states the announcement of Roosevelt's candidacy would mean a strong probability that the organizations, generally in the hands of Progressives already, would go over to the Progressive candidates, for electors have in many cases already announced that if Roosevelt ran for president they would support him."

## EDUCATORS AND POLITICS

Recent annual sessions of the National Educational Association have been far from perfunctory affairs. To some onlookers it may have seemed as if politics had triumphed over pedagogy. Not so! The routine work of the convention, with its admirable addresses, sectional conferences, and social intermingling, lacks news value to the conventional journalist. Hence it fails to get publicity. More dramatic is the legend of Amazonian pedagogues clashing with the cohorts of the elder statesmen, who, for decades quietly yet none the less ruthlessly geared the machine to their purposes. Hence the impression, prevalent no doubt, that the recent session at Chicago has been one as politically devious as the Republican national convention and as equally as the Federation of Women's Clubs convention when debating equal suffrage. Whereas, as a matter of fact, the convention squarely faced, debated, and took action upon an imposing list of practical school problems; and in its election of officers remained loyal to the democratic traditions re-established at the Boston convention.

If it be said that it would be better for the profession of teaching, for the schools and for the public that there be less factionalism in the association, it is open to the "insurgents" to reply that there never would have been the present friction and public lauding of soiled professional linen had there been no previous "machine" rule. In the effort to democratize and popularize the association it is not strange that some conventional idols are being shattered. On the other hand, even revolution has its ethical code and rebellion can be silly and devious in some of its tactics. A good end does not justify bad means.

Next year at Salt Lake City the association may seem to be, as well as be, more pedagogical and less personal, polemical and political.—Christian Science Monitor.

## HIGH SCHOOL TRAINING

The national council of education, in a report to the national educational association, makes a critical fling at high school training throughout the country, terming it "bookish, scholastic, abstract and inadequate to meet the practical problems of life." The further criticism is made that high school training too generally is regarded as a mere preparation for college or university. The knowledge that is imparted, it is contended, goes back fifteen centuries and deals with the languages, politics and customs of that time, and gives no attention whatever to present-day conditions

## FAILURE OVERTAKES PAPERS THAT BETRAYED THE PEOPLE

From the San Francisco Bulletin.

Evidence that the time has passed when the newspapers of a progressive community could safely defy public opinion is furnished by the fate of the Nevada City Transcript.

Prior to 1907 the Transcript was a power in the community in which it was published. It had a large patronage, both in subscriptions and advertising, and its publisher was making a handsome profit on his investment. This was due to the fact that the Transcript spoke for the people. Then came a great change. The Transcript was sold to the Calkins syndicate, a concern that acquired control of numerous newspapers and made them special pleaders for numerous special interests, among them the United Railroads of San Francisco, the president of which had been indicted for bribing public officials. A slump of patronage followed. The Calkins

and problems. It is urged also, as a general criticism, that high schools lack vocational training.

Coming from this high and distinguished source, criticism of this nature must be respected, says the Long Beach Press, and in that view the Register participates; and in what follows in the way of comment by the Press, this paper is in full accord:

"Assuming that the criticism is correct as to much of the high-school training, it is deplorable that the conditions deprecated in this report should exist. To multitudes of youth, the high school is the end of their schooling—they will never enter a higher institution of learning. These pupils have not been given a fair show if they have not received the rudiments of training with reference to the problems of today. It would seem that too much stress is laid upon ancient classics, both as to language and literature, and as to history, in high schools. Far better that the English language be taught with enough thoroughness to insure correct use of words in speaking and writing, than that Latin and Greek should be imparted, at the sacrifice of a fair knowledge of the mother tongue. And far better that youth should be thoroughly grounded in knowledge of the history of the United States, and the principles that underlie its government, than that they should be made familiar with the history of ancient Chaldea, Babylon, Assyria, Egypt, Greece and Rome, while United States history is passed with only a speaking acquaintance.

"In the matter of vocational training, the schools of this city are exempt from the general criticism passed by these educational experts. Cultivation of brain and hand go hand in hand here. It should be so everywhere, to a reasonable extent."

"The matter of vocational training, the schools of this city are exempt from the general criticism passed by these educational experts. Cultivation of brain and hand go hand in hand here. It should be so everywhere, to a reasonable extent."

## TARIFF BOARD ALSO AN ISSUE

As the weeks go by, it is quite likely that the Democrats in the House who undertook recently to destroy the tariff board by refusing to appropriate money for its maintenance will see plainly that they have committed a political blunder. They have done this by making it possible for the Republicans to claim that the Democratic party is not sincere in its demand for an honest revision of the schedules. The senate has already reversed the action of the house on the tariff board appropriation, so that if the house insists upon its course it will have to give additional emphasis in conference and before the country to the issue it has already raised, and one for which Democratic campaigners will not thank it.

The Republican claim, of course, will be that a tariff board, organized upon a positively nonpartisan basis, and with the view, primarily and simply, to get at the facts upon which tariff legislation may be intelligently obtained, is a necessity of the times. This is but a response to the wish of right-thinking people of all shades of political opinion that the tariff be taken out of the domain of partisan and "practical" politics. On this platform the great majority of Democrats might stand as easily as the great majority of Republicans; for Democrats, as a whole, like Republicans, as a whole, have long since reached the conclusion that the present method of making and revising tariff laws is not a desirable or even a safe one.

Acceptance of the tariff board idea would not involve the Democratic party in any political or economic complications. Having obtained such information as the board might collect from time to time, it would be as free to act, or to decline to act, upon it as would be the Republican party. The public, however, would also be in possession of this information, and for the first time would be enabled to follow and to check intelligently the arguments raised in congress upon the schedules.

As matters stand at present, the Democratic majority in the house seems to have committed its party to the attitude of desiring that the facts, whatever they may be, shall not be made known. It commits its party likewise to the old and bad system of obtaining information on tariff matters only from those interested in high or low duties. It places its party in the false light of desiring that the

syndicate died but its successors clung to its policies and the slump continued. Assessments were levied on stockholders, desperate efforts were made to recover lost ground—all to no avail. The confidence of the people had been sacrificed and could not be restored. Now we are told that not only the Nevada City Transcript has suspended publication, but that "the failure will include the Tidings of Grass Valley, also one of the pioneer papers of the state, and which has been issued by the Transcript for several years."

Retribution may be slow, but in these days the downfall of the newspaper transgressor is certain, whether he own two newspapers or half a dozen, whether he come out openly for the plunderbund or pretend to oppose the interests whose secret plans he strives to accomplish.

truth shall be concealed about the comparative cost of production at home and abroad. To the impartial looker-on it would seem that the house Democrats, for the good of their party, cannot recede from their position on the tariff board any too soon.—Christian Science Monitor.

## WORTH KEEPING IN MEMORY

Garnered Wisdom That Has Been Handed Down Through Generations of Housewives.

When making sweet croquettes add a little sugar to the crumbs in which the croquettes are to be rolled. Cold water is preferable to warm for scrubbing doors because it does not sink into the wood and so dries quickly.

Holding tomatoes over the gas flame will cause the skin to burst and come off easier than when scalded, and the tomato will be less mushy than when scalded.

Neglected brass may be polished with a paste of powdered bath brick and oil. Take two pieces of the brick and rub together. This makes a finer powder than if scraped with a knife. Cut hams may be kept from molding if the cut end is wet with vinegar each time after cutting. Vinegar will also keep beef fresh for a time when you happen to be without ice temporarily.

To frost over a window without darkening the room, dissolve Epsom salts in hot water and paint over the window while the water is hot, then allow to dry. This is easily removed and is entirely opaque while on.

Fringed cloths are often quite ruined in appearance at the laundry. They may be made to look like new for an indefinite period if, when they are starched, a little care be taken not to starch the fringe. Fold each cloth in four like a handkerchief and then gather the fringe of each part into the hand and hold it firmly while you dip the middle only into the starch. When the cloth is dry shake the fringe well and comb it with a specially kept toilet comb, and it will fall as softly and prettily as when new.

## His Memory Clear

A story is told of an eminent lawyer receiving a severe reprimand from a witness whom he was trying to browbeat. It was an important issue, and in order to save his cause from defeat it was necessary that the lawyer should impeach the witness. He endeavored to do it on the ground of age in the following manner:

"How old are you?" asked the lawyer. "Seventy-two years," replied the witness. "Your memory, of course, is not so brilliant and vivid as it was twenty years ago, is it?" asked the lawyer. "I do not know but it is," answered the witness.

"State some circumstances which occurred, say, twelve years ago," said the lawyer, "and we shall be able to see how well you can remember."

"I appeal to your honor," said the witness, "if I am to be interrogated in this manner, it is insolent!"

"You had better answer the question," replied the judge.

"Yes, sir; state it," said the lawyer.

"Well, sir, if you compel me to do it I will. About twelve years ago you studied in Judge —'s office, did you not?"

"Yes," answered the lawyer.

"Well, sir, I remember your father coming into my office and saying to me, 'Mr. D., my son is to be examined tomorrow, and I wish you would lend me \$15 to buy him a suit of clothes. I remember also, sir, that from that day to this he has never paid me that sum. That, sir, I remember as though it were yesterday.'"

She—What do you mean by saying that Elsa is "more or less pretty"? He—Well, she's more pretty than most girls, and less pretty than you!—Simplicissimus.

Kitchen Line.  
A convenient clothes line for the kitchen or other place where a clothes drying line is sometimes needed, is rolled into an oxidized copper reel case about five inches in diameter. This reel screws to a wall or casing and a hook is put up in a casing on another wall. When the line is wanted it is stretched across the space between the two and is fastened by a ring over the hook, the reel meanwhile catching it automatically and keeping it from slipping. When the line is not in use it is out of the dust in the reel casing. The line is 24 feet long. It would be a convenience for the kitchen veranda or porch of the summer cottage.

Pures of Green Peas.  
This is a well liked luncheon soup. Heat a pint of canned peas in their liquor and pass through a puree and add two cups of hot stock, enough flour blended with butter to thicken and seasoning to suit the taste. At the last pour in a cup of rich hot cream. Other dinner soups and purees made in this way are carrots, artichokes, celery, lettuce, spinach, beans and cauliflower.

## DAY NURSERY PICNIC

Little Ones Taken to Birch Park in Autos For Glorious Day's Outing

(Mrs. W. B. Tedford.)  
At a meeting of the directors of the Day Nursery at Mrs. Norman's last Wednesday afternoon it was decided to hold a picnic for the children. That picnic came off yesterday afternoon. First, the children had an auto ride. Mrs. Getty's and Mrs. Baumgartner's autos being used. The merry youngsters were taken to Birch Park, which is an ideal place these warm days. The children enjoyed playing games in the pretty park and so vigorous were their sports that when the crowning part of the picnic, the lunch, was ready, the children were also ready. Sandwiches, cake, wafers, two kinds of candy and two kinds of fruit were provided by the committee, and then to top off the feast, Mrs. Baumgartner sent the ice cream man around and each child had an ice cream cone. It is a question which of the three enjoyed the affair the most, the committee, the matron, Mrs. Jones, or the children.

I wish to mention that the jars in which fruit has been donated are at the nursery and it is hoped they may be called for by the owners and refilled for this winter.  
The swing asked for has not been donated. We wanted a hammock swing, but now we ask for that or any kind of a swing; also a hammock, new or second-hand. There are about eighteen little folks now and it is hoped to get these outdoor swings to help amuse the children.

**Westbrook-Hayes**  
Miss Lillian Hayes of Santa Ana was married today to James V. Westbrook of Los Angeles. The wedding took place at 10 o'clock in the church parlors at the Methodist Church South, Rev. A. F. Stem pronouncing the ceremony.

Those witnessing the ceremony were the parents of the bride, Mr. and Mrs. M. C. Hayes, and family. Mr. and Mrs. Westbrook left for Los Angeles immediately after the ceremony. They will reside in that city.

**Brotherhood Dance.**  
The warm weather did not seem to have any effect on the dancers of Santa Ana, for they were out in full force at the Brotherhood dance last evening. There were about thirty-five couples present.

Sid Perless and Miss Leora Harris furnished the music and, putting up

the best in their repertoire, were encored repeatedly. Everybody went home feeling happy, as they had one of the best of times.

Supervising Deputy May of Los Angeles and Orange counties announced that the Brotherhood would hold the annual picnic at Long Beach on the 29th of August.

## Personals

Stanley Reinhaus and Morris A. Cain, two of Santa Ana's brightest youths, are now full fledged attorneys at law, having successfully passed the bar examination at Los Angeles this week. Both of the young men will take a post graduate course before settling down to the practice of their profession. Young Reinhaus is a graduate of Berkeley, Cal. of U. S. C. J. R. Stevens and family left today for Huntington Beach to attend the camp meeting for two weeks.

Mr. and Mrs. E. E. McKinney leave Tuesday morning on a three months' trip to Indiana where Mr. McKinney has a farm that calls him east at this time.

Miss Joy Northrup of Halford, Indiana, and Mrs. Sherman of San Pedro, spent several days this week visiting at the John Utz home on Depot street, returning to San Pedro this morning.

Miss Ava Wells was a Los Angeles visitor for the day.

F. A. Blake was a passenger on an early morning car bound for Los Angeles.

Mrs. E. L. Lolle and Miss Gretchen Turner of Los Angeles and Mrs. Jesse Turner and two children of Pinole, California, will go to Balboa tomorrow for a week's stay.

T. J. Wilson yesterday took his family to Laguna Beach for a two weeks' stay at the Laguna Beach hotel.

Mrs. B. P. Conoway and Miss L. Ella Miller of Los Angeles were in Santa Ana yesterday to attend the funeral of W. K. Franklin.

Will Whelan is home from Berkeley, Cal., where he has finished his third year in the College of Commerce of the University of California. He expects to graduate next year.

Mrs. Richard Clayton, Mrs. Harry Lowe and Master Clayton Lowe of Shreveport, Louisiana, are house guests at the E. R. Majors home on Walnut street. The visitors are from Mrs. Majors' old home in the South. This afternoon Mr. and Mrs. Majors and little Alice Eugenia Majors took their guests to Balboa and Newport for a week-end stay.

## SAN JUAN HOT SPRINGS

The stage meets the morning train at San Juan Capistrano, Tuesdays, Thursdays and Saturdays to take passengers to San Juan Hot Springs.

## MUSICAL ASSOCIATION

Active Membership List is Growing—Singers Urged to Send in Names

About forty singers have already made application for membership in the new Choral Society, which is to begin work in the fall under the direction of W. A. Benjamin, and a number of others have signified their intention of joining.

Mr. Benjamin is desirous of having all singers who desire to become active members send in their names and addresses at once to Mr. Lou P. Hickox, 111 1/2 West Fourth street, in order that the committee may be able to know as to about how many singers may be available, and be thus the better able to make more suitable selection of musical numbers.

This movement for the organization of a musical society of sufficiently large numbers to produce some of the more ambitious oratorios and similar class of music, as well as lighter choruses, even light operas if found feasible, is one of real importance to the social and cultural life of Santa Ana.

Music is a common bond between all classes and personalities, and an up-to-date musical organization is an attractive asset to any city. The Symphony Association, of pleasant memory, maintained as it was through several seasons, gave a fine flavor to life in Santa Ana. Its successful production of meritorious musical compositions drew attention to Santa Ana in a desirable way.

A worthy successor to the Symphony is devoutly to be wished and the musicians of the city can well afford to inconvenience themselves somewhat, if necessary, to add in starting and building such a society. The matter should move swiftly along.

**The Katzenjammer Kids at the Bell Theater.**

The Katzy Kids are back at the Bell Theater "The Kids" after their first visit to this most popular play house, could not stay away, so they wrote Manager Roberts if they should come again and stay over Saturday and Sunday. So that is how it comes that the Katzenjammer Kids will be at the Bell tonight and Sunday. Don't miss this as it is a new one. The great colored trio, Jones, Grant and De Heerde, will also be on the same bill and will prove to be the biggest three of entertainers of the season; in fact, the whole bill for the last of the week will be exceptionally strong, so you had better come early for a good seat. "Don't announce that the Temple Theater can be secured for all political meetings, and as it is a splendid house for the same, managers of the different clubs should address him at once for terms and early dates.

## CHURCH NOTICES

### Union Evening Service

The union evening service under the leadership of the Ministerial Association of the city will be held in the opera house tomorrow at 7:30. The sermon will be delivered by one of the pastors of the city. There will be excellent orchestral music and singing. Singers from all of the churches are especially requested to attend the union services at the opera house on Sunday evenings through the summer and help with the singing. Come in at stage entrance and be there at about 7:15, so as to be in your seats when curtain rises.

### First Baptist Church

Corner Church and Main streets. Rev. Otto S. Russell, pastor. The pastor will preach at 11 o'clock on "What Think Ye of Christ?" No evening service on account of the union service at the Opera House. Sunday School at 9:45. Intermediate C. E. at 6:15. The Y. P. S. C. E. will join in the City Union meeting at the German Evangelical Church at 6:00. Prayer meeting Thursday at 7:30.

### Young People's City Union

A regular meeting of the Young People's City Union will be held at 5:45 Sunday at the German Evangelical church.

### Lutheran Church

Corner Brown and Sixth streets. Rev. H. O. Michel, pastor. German services at 10:30 a. m. German and English Sunday School will begin at 10 a. m.

### Zion's Evangelical Church

Corner Main and Tenth streets. George Hauser, pastor. Sunday school 9:30. O. H. Gruenewald, Supt. At the morning worship the pastor will preach on "The Blessings of the 'Right Man.'" In the evening on "The Cities of Refuge." In connection with evening service the choir will render a musical program under the direction of Miss Anna Witt, with Miss Hofer at the organ. Young People's union meeting in this church at 5:45. Evening services are English. Cordial welcome to all.

### United Presbyterian Church

Sixth and Bush Sts. Worship at 11 a. m. Sabbath school 9:45 a. m. C. E. and Intermediate Societies at 6:30 p. m. W. L. C. Samson, pastor. The voltage which is used by the generator in the new organ at the United Presbyterian church has been increased so that it is hoped that the blower used for producing cool air, etc., will not affect the wind pressure, which is necessary to supply the pipes, etc. Mr. Garratt will play appropriate music at the morning service tomorrow.

### First Presbyterian Church

The pastor will preach in the morning upon the topic, "Great Gladness." The congregation will join in the union service in the evening. S. S. and C. E. societies will meet at the usual hours.

**First Methodist Episcopal Church**  
Herbert E. Murkett, minister. Corner Spurgeon and Sixth street. 9:45 a. m. Sunday school; 6:15, Epworth League; 11 a. m., public worship with sermon. Subject, "Covenanting with God for Life and Peace." Evening service in the Grand Opera House. Cordial welcome to all.

**Immanuel Baptist Church**  
Corner Sixth and French. Rev. J. H. Scott, pastor. Bible school at 9:45 a. m.; morning worship and sermon at 11. Young People's meeting at 6:30; evening gospel service at 7:30; prayer meeting Thursday evening.

**Reformed Presbyterian Church**  
The pastor, Rev. G. N. Greer, will conduct the usual morning and evening services. The subjects are: "Human Suffering" and "Straightforward Speech and Genuine Life." Sabbath school, 10 a. m.; Christian Endeavor, 6:30 p. m.

**Spurgeon Memorial M. E. Church**  
South  
Corner of Church on Broadway. Sunday school, 9:45; Intermediate League, 9:30; Senior League, 6:30; preaching, 11 a. m. by Rev. Charley

Martin, one of our own young men who was recently licensed to preach. Be sure to bring your friends to hear him.

The congregation will join in the union services at the opera house in the evening.

A. F. STEM, Pastor.

**St. Peter's Congregation**  
Corner Ross and Fifth streets. A. C. Kleinlein, pastor, residence, 630 Ross street. Sunday school at 9:30 a. m.; German service at 10:30 a. m. Every visitor is made to feel welcome.

### Bible Students

The International Bible Students' Association meets in the G. A. R. Hall for scripture study each Sunday. At 1:30 p. m., the topic: "How Should Trespassers be Dealt With, and How Oft Forgiven?" At 3 o'clock, "The Work of the Harvest" as taught in the parables of "The Drak Net," and "The Tenth Hour" and by comparison with "Israel's Seventieth Week." All interested in Bible study are invited as the work is undenominational. No collections.

### Free Methodist Church

No. 312 Fruit street. Rev. B. C. Johnson, pastor. Sunday school, 9:45 a. m.; preaching by Mrs. Johnson at 11 a. m.; praise service begins at 7 p. m.; preaching by the pastor at 7:45 p. m.; prayer meeting Wednesday at 7:30 p. m.; teachers' training class meets Friday at 7:30 p. m.

### First Christian Church

Corner Sixth and Broadway. All the regular services of morning at the usual hours. Young People's meeting at 6:15; evening services adjourned for the union services at the opera house.

### Church of the Messiah (Episcopal)

Corner of Seventh and Bush streets. Services next Sunday, July 21st, Rev. Dr. A. G. L. Trew, officiating. 7:30 a. m. Holy Communion, 11 a. m. morning prayer and sermon, 7:30 p. m. evening prayer and sermon.

### First Church of Christ, Scientist

Union evening service at 7:30 in the Opera House.

### Last Services for Kelly Franklin.

The funeral of Walter Kelly Franklin, who met so untimely a death in Los Angeles several days ago, was held at the home of his parents, Mr. and Mrs. J. C. Franklin, 710 North Main street, yesterday morning at 10 o'clock.

Rev. Otto S. Russell, pastor of the First Baptist church of this city, conducted the services and was assisted by Rev. J. Herndon Garnett, a former pastor and close friend of the family. The flowers sent by loving friends were unusually beautiful, among them being a pillow made of white centurias and ferns, the gift of the Sunday school of the Temple Baptist church of Los Angeles, of which the deceased young man was a member.

During the morning Mrs. Mit Phillips sang "The Land Beyond." Mrs. Frank Harris sang "Nearer My God to Thee" and Lou P. Hickox gave "One Sweetly Solemn Thought." The pallbearers were W. E. Winslow, Lou P. Hickox, J. L. Marchant, W. L. Innes, Frank Harris, S. H. C. Ritter and Joe Wool.

### Card of Thanks

Mr. and Mrs. J. C. Franklin take this means of thanking their many friends for the kindnesses shown them in their recent great sorrow. The tender words of Rev. Otto S. Russell and Dr. J. H. Garnett were helpful and appreciated.

### BABIES DIED BY SCORES IN CHICAGO IN RECENT HEAT

CHICAGO, July 20.—Three hundred and sixty-two babies were killed by the recent hot spell in Chicago, according to Dr. S. Clair Drake of the municipal bureau of vital statistics. More than forty adults perished from heat strokes during the same period. Dr. Drake is causing to be prepared statistics showing the parts of the city where the greatest number of infants died and he will recommend to Health Commissioner Young that nurses be sent to make a house-to-house canvass of these districts in the hope of saving the lives of sick infants.

July Clearance Sale of Suits, Coats and all ready-to-wear garments at Gilbert's. Sale now on.

## OBITUARY

Martha Jane Attick was born in Miamisburg, Montgomery county, Ohio, on July 23rd, 1833. She was one of seven children and daughter of Rachel and Daniel Attick. When she was quite young her parents removed to Dayton, Ohio, where she spent her girlhood and young womanhood and was married on the 22nd day of September, 1858, to Joseph M. Bacon. By this union she was the mother of two children, Harry, who died in infancy, and Flora May, who lived to be 5 years 9 months and 12 days old. Her husband died on the 15th of October, 1864, and she went back to her father's home, where she spent her widowhood. On December the 29th, 1869, she was married to Adam Stoneberger of Hightstown, New Jersey, and later they located in Osborn, Ohio, where their daughter Blanche, was born. This was the only child born of this union. On the 26th of June, 1896, Adam Stoneberger died and in November of the following year, 1897, Mrs. Stoneberger came to Santa Ana, California, in which place she lived with her daughter, Mrs. Horatio Forgy, until the time of her death, July 13th, 1912. To her, her home was always first and she was at all times the most faithful wife and mother, and most unselfish in her devotion to those around her in her home. While a young woman she joined the Methodist church and was an active worker in Raper Chapel, Dayton, Ohio, for years. She never took her letter from this church, but while in Santa Ana she attended the First Presbyterian church of which her daughter and son are members.

She was especially fond of children, always being kind to, and patient with the two grandchildren who brightened her last years. Her last illness was long and trying but through it all she was brave and uncomplaining. Among a number of clippings which she had saved was this poem written by an old friend and neighbor in Osborn, Ohio: Life's withered leaves around us strown,  
Bring us a little nearer;  
Nearer with every year that's flown,  
Still a little nearer;  
Nearer, as swift the moments roll,  
Nearer the Guerdon and the Goal,  
Nearer the haven of the soul,  
Only a little nearer.

Nearer the port where streams are o'er,  
Only a little nearer;  
Nearer the blest, eternal shore,  
Only a little nearer;  
Nearer the peaceful, calm retreat,  
Where the long sundered friends shall meet,  
Where we shall all our loved ones greet,  
Only a little nearer.

Leaving behind earth's care and strife,  
Only a little nearer;  
Finding a new, immortal life,  
Only a little nearer;  
There no old age, no hoary hair  
Cometh to mar the visage fair,  
Freshness and youth are everywhere,  
Only a little nearer.

—Mary C. Sloan Woodward.  
Author of Roses and Thorns, Darkness and Dawn. Osborn, Ohio.

The following notice of Mrs. G. W. Slaughter who recently died in Tustin, is taken from the Elgin Courier (Texas) of June 20, 1912:  
On Friday of last week, Mrs. G. W. Slaughter was buried at Lawrence Chapel Cemetery, Rev. A. S. J. Haygood, assisted by the local Chapter of the Order of the Eastern Star, conducting the services.

Mrs. Edna Layne Slaughter was born December 4, 1869, at the old Layne home near Lawrence Chapel Church. In this community she lived

continuously until her health failed some three years ago.  
She died June 7, 1912, at Tustin, California, where she went hoping to regain her lost health.

On November 10, 1887, she was happily married to Mr. G. W. Slaughter, who survives her.

In the summer of 1893, she was happily converted to God at Lawrence Chapel, in a meeting conducted by Rev. J. R. B. Hall, and has been a consistent Christian ever since. She died a faithful member of the Methodist church. Her Christian experience was bright. She loved to talk of her religion and the great love and goodness of God.

In her life she was self-sacrificing for others—was willing to wear herself out to serve the sick and help the helpless. It is stating too mildly to say, "she leaves a good name and the most pleasing memories."

Three or four hundred people attended the funeral and the floral offerings were profuse. Many of the flowers were placed on the casket by friends in Tustin, Cal.

The services of the Eastern Star were beautiful and impressive. To mourn her loss, she leaves a faithful husband, five sisters and three brothers and other near relatives and a host of true friends.

In the midst of this darkness there comes a ray of light to the sad heart of the devoted husband who exclaimed while bending over the casket for the last time, "God bless my dear one, Good-bye, but not forever."

—On August 1st, I. W. Van Cleave will consolidate his two barber shops at the Rossmore in a ten chair shop.

—Special Neapolitan Ice Cream Bricks, Pints 25c. Quarts 50c, at the Dragon, Saturday and Sunday.

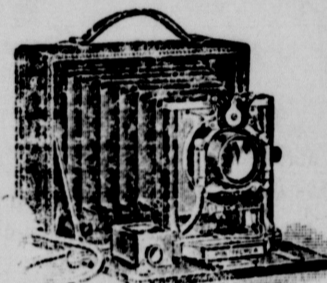

Do your feet hurt? Dr. Mitchell, Chiropodist, will stop it. No. 106 1/2 East Fourth Street.

## MRS. RENA MORROW FOUND "NOT GUILTY"

Society Woman Freed of Murder Charge—"God Bless You," She Cried to Jury

CHICAGO, July 20.—Mrs. Rena Bacon Morrow, fashionable club woman, writer and prominent church worker, was yesterday acquitted of the charge of shooting and killing her husband, Charles B. Morrow, at their home, 4545 Michigan avenue, on the night of December 27, 1911.

After deliberating three hours and casting several ballots, reported to have been six in number, Foreman Aylesworth of the jury sent word to Judge Kersten that a verdict had been agreed upon.

"Have you reached a verdict?" asked Judge Kersten.

"We find the defendant not guilty," answered Aylesworth, and a ripple of applause went through the courtroom. Springing to her feet, her eyes filled with tears and her breast heaving with emotion, Mrs. Morrow flung out her hand impulsively toward the jury box.

"May God bless you," she cried, and then, turning to her attorney, Charles E. Erbstein, she flung her arms about his neck and kissed him on the cheek, while the tears poured from her eyes.

Friends in the court room, society women, fellow club members and members of the Forty-first Presbyterian church, who have loyally stood by her during her ordeal, rushed to her side to offer congratulations.

His Dilemma. "What do you folks think?" asked the poor but respectable young man of the heiress.

"They have no objections to the marriage," she replied. "They will continue to support me and will take you in, but you will be expected to pay your own board."

**FREE TRIP TO SEE THIS MAY PRESS AT WORK**

**WE PAY YOU TO INSPECT THESE MAY PRESSES**

Instead of paying a salesman's fare to show you a small model of a hay press, we will pay your fare to Los Angeles and return, not exceeding \$15.00, to examine our California Special New Century, full circle, all steel, self feed Hay Press and all others on sale there. It makes no difference which hay press you buy, we pay your railroad fare just the same.

When you see for yourself how this machine has been built expressly for heavy baling on the coast, how strong it is, how easy it is to use, how smooth it runs, you will understand why we make such an offer. It has 7 in. stepover, pull power, high baling chamber, positive plunger rebound; it stands up to its work, no taking off of wheels. Has record of 30 tons per day. We will ship you one to try. If you don't want it we will pay freight both ways. Write now.

Round Trip to San Francisco, Daily May to November.

Tickets good on any of our eight daily trains between Los Angeles and San Francisco.

## WARSHIP NEVADA TO BE GREATEST

Will be Limit in Naval Building Until Platinum Guns and Gold Armor Plate Are Used

WASHINGTON, July 20.—The battleship Nevada, now building for the United States is the limit, the last thing in naval architecture, power and practicality in the world.

Admiral Howles, formerly chief constructor of the Navy Department, who is building the Nevada, says that she will be a greater ship than the Argentine monster which now holds the record for size, but not in power of battery.

The Argentine ships have ninety-eight feet beam and as the canal locks are 110 feet, according to Admiral Howles, they will have only a leeway of six feet on each side to get through.

It is different with the Nevada. She is ninety-two feet in beam and that will give her nine feet on each side to make the passage through the locks. He regards that difference as very important.

"If," he said, "the United States will keep ahead continuously of the world in shipbuilding and that until it is possible to have armor plate of gold and guns of platinum, the Nevada will be without a peer and probably will hold the lead for the next half century."

## GAME PROTECTION TO BE HIS SUBJECT

Attorney Duke of the State Fish and Game Commission will speak at Spurgeon's Hall Monday evening next. He will discuss the work of protecting fish and game in this state. Everybody is invited to the lecture, which will be free.

## ROCK ISLAND AND WESTERN PACIFIC

Both Want Entrance Into Los Angeles. Both Companies Made Preliminary Surveys

Los Angeles Examiner: Mayor Alexander announced yesterday that the two transcontinental railroads that stand ready to enter the city over the city's tracks, if the municipality should build a double track railroad in the river bed, were the Western Pacific and the Rock Island. Both roads have taken preliminary surveys, and it is understood that they feel confident charter modifications will be made which will permit them to enter Los Angeles.

Under the present charter provision, the city cannot lease or sell the river bed franchise, and it will not be until after this change is made that any definite action could be taken.

However, Mayor Alexander admits that he has committed himself to the proposition, and that he believes it would be of the utmost importance to Los Angeles if the two new roads would extend their lines into the city.

"I think it would be a big thing for Los Angeles to have another railroad coming here and I hope to see the proposition carried into execution," the Mayor said yesterday afternoon.

"The city has a valuable asset in the river bed, but still, by charter provision we are prohibited from using it. I believe the charter should be changed in this respect so that the city could build a road there and then lease the tracks or enter some such arrangement whereby we could get these new companies into the city."

The Rock Island company has already surveyed a route which follows the stage line across Arizona and would run between the main lines of the Santa Fe and the Southern Pacific. The Western Pacific is said to be negotiating with the Rindge estate for control of the Malibu ranch road. This would give the Gould line a coast road from Oakland to Los Angeles. It is also rumored that this company has under consideration a plan to parallel the Salt Lake road from Salt Lake City to Los Angeles.

## KALLENBERGER IS GETTING BETTER

Anaheim Plain Dealer: City Marshal Kallenberger is making a substantial advance toward recovery at the Anaheim Sanitarium as the physicians could ask. The fact that he is confident of making entire recovery is of no small aid.

There are several days ahead in which developments are possible that might gravely change the present good situation, but the physicians are hopeful that these will not averted; in such event the outlook for the marshal will be much better, although it will be a matter of probably three months before the last danger will have passed.

The gritty marshal gave much cheer to his friends last Saturday when it became known that he had sent his shoes to the Electric shop to have them half soled against the time of getting back on the streets. They were further encouraged on Sunday, when a barber was sent for by the marshal in order that he might enjoy a shave.

During the week he has been able to sit up a little in his bed and has been allowed the newspapers, in reading which he has spent a good deal of time. Officer Germann, appointed by the Council to assume the duties of the marshal until the latter shall recover, was permitted to visit for a while on Monday and talked office matters with the marshal. Members of his family excepted, he has been denied other visitors, it being deemed best that he be kept as quiet as possible.

Falling from an express wagon loaded with nearly a ton of hay, a 6-year-old son of O. L. Thompson, of Philadelphia street, was run over by a front wheel of the wagon Thursday morning in front of the Dickel store. The boy was left a deep imprint in the back of the boy, the wheel having crossed just above the waist line. Drs. Johnston and Utter answered a hurry call sent for medical aid immediately after the accident, when spectators felt that the boy must have sustained fatal injuries. The physicians were unable after a careful examination to find a trace of hurts more serious than severe bruises. Internal injuries may develop, but as yet there is no sign of such.

Will Llewellyn, mailing clerk at the postoffice, sustained severe cuts and bruises last Saturday afternoon in front of the opera house when thrown from his motorcycle in a collision with Charley Mann, riding a bicycle. Mr. Mann escaped with slight bruises. The collision was the result of a buggy making a sudden turn in the street. To avoid striking the rig, Llewellyn turned sharply to the left. Mr. Mann was riding behind the rig and Llewellyn did not see him until the wheels were practically together. Llewellyn has several teeth knocked out and his upper lip badly cut through impact with the handle bars of his machine. In striking against the curbing he sustained cuts and bruises about the head. When picked up and taken to the Sanitarium he was unconscious, but recovered there and after having his cuts sewed up was able to go to his home. He is now back on duty at the postoffice.

## Hill's Corner

213 East Fourth St., Santa Ana. Our purpose in occupying this corner was, and still is, to let the people know that "we are on the map" and that we have some things to sell. That's what we bought the things for, and we have about the biggest stock that we have ever carried of Wood and Coal Cook Stoves and Ranges, Gasoline Stoves and Oil Stoves, Gas Stoves, Corrugated Iron Roofing, Rubberoid Roofing and several kinds of cheaper roofing material.

Our stock of Plumbing Goods is the most complete of any in the county.

Our stock of General Hardware is the largest that is carried in Southern California outside of Los Angeles and we can meet any prices made on this coast because it costs us less to handle the goods than the goods can be handled for in the larger cities.

S. HILL & SON.

## IN THE JUSTICE COURT

SHEDS TEARS  
AS HE SIGNS

Young Dick Hillyard Forges  
His Cousin's Name to a  
Check For \$45

Deceived and defrauded by his cousin, Albert Underwood today swore to a complaint charging Dick Hillyard of Orange with forgery. Underwood had tears running down his cheeks when he discussed the matter at the courthouse, and it was only that he thought the course he pursued was the best to be followed for Hillyard's own benefit that he finally signed the complaint.

Hillyard had been in trouble two or three times, and was on probation from the court here on a charge of theft from the Wells-Fargo Co. His probationary term will be up next Monday.

Underwood went to Orange a short time ago from Reedley. He was identified at the First National Bank of Orange by his cousin, Dick. Underwood then got a job on the San Joaquin ranch and went to work. All that he had was \$45 deposited in the First National Bank at Orange.

Last Saturday young Hillyard went to the bank and presented a check for \$45 to which he had forged Underwood's name. The bank paid the money. Hillyard afterward wrote to Underwood and told him what he had done. Underwood received the letter yesterday, and walked to Santa Ana to see what he could do about getting his money back. The officers advised him to swear to a complaint for Hillyard. Underwood says he went to the bank at Orange and was told that he had no more money there.

This morning Hillyard's father met Underwood at the courthouse and tried to persuade him not to swear to a complaint, declaring that if he did he (Hillyard's father) would write to Underwood's father and urge him to cast Underwood off. The man admitted to Deputy Sheriff Squires that the best thing that could be done for young Hillyard is to bring him up with a jerk that will make him understand that he has to mend his ways or take the consequences.

That seemed to be the way Underwood looked at the problem. Underwood does not intend to stand the loss if he can help it, and the officers agree with him that he ought not to assume the loss incurred by the fact that the bank cashed a check to which Underwood's name was forged.

To Los Angeles  
This morning Justice Cox dismissed the charges of carrying a concealed weapon against Ben Leclago, and immediately Leclago was taken in charge by a Los Angeles officer. Leclago faces a five-year probationary sentence there, and his drunken conduct at Talbert may result in his serving

## out the term.

Lambdin's Bond  
O. H. Lambdin has given \$250 bond as surety that he will pay \$10 a month to the support of his minor child. Lambdin was arrested on a charge of wife-desertion. The case was settled by the giving of the bond.

\$432,500 LISTED FOR  
U. S. HOME AT SAWTELLE

WASHINGTON, July 20.—The Sunday civil bill now before the senate contains the following California item: Pacific branch Soldiers' Home, at Sawtelle, current expenses, \$47,000; subsistence, \$175,000; household, \$163,000; hospital, \$51,740; transportation old soldiers, \$3000; repairs, \$48,000; elevator in convalescent barracks, \$1000; sewage disposal plant, \$20,000; repairs to barracks, \$8500; increase and improvements of water supply, \$30,000; farm, \$12,200; in all, \$432,500.

FIRE SWEEPS SIX  
BUSINESS BLOCKS  
IN VANCOUVER, B. C.

VANCOUVER, B. C., July 20.—Six business buildings were destroyed, involving a loss of half a million dollars in a fire occurring early this morning, that drove the guests of the Royal George Hotel to the street and offering opportunities for a score of thrilling rescues by the firemen. Six street cars and a score of automobiles near the scene of the fire were also burned.

The entire business district narrowly escaped from the flames. No fatalities have been reported.

"JOSS STICK" DUTIABLE  
WASHINGTON, July 20.—The ordinary Chinese and Japanese punk can no longer come into the United States free of duty as a joss stick or joss light for possible use in shrines of the orientals. The Treasury Department announced today that punk was merely a "smudge stick" to drive away mosquitoes and other insects and was dutiable at 20 per cent. ad valorem. This was the result of an extensive investigation in this country and Hawaii which indicated that punk was vastly inferior to the joss sticks burned in the temples of China and Japan.

TO KILL INFANTA ISABELLA  
OBJECT OF BOMB THROWER

MADRID, July 20.—An attempt to kill the infanta Isabella, by means of a bomb which was exploded in Catalonia Square, Barcelona, yesterday, failed. Several buildings in the vicinity were wrecked and a few persons slightly injured, but the infanta escaped.

Isabella, who is an aunt of King Alfonso, was crossing the square at the time the bomb, which is believed to have been thrown by an anarchist, exploded.

Few Days Left

This morning a number of candidates were in the office of the county clerk getting ready to file their nomination papers. J. N. Anderson filed his petition with 124 names from this county and twenty names from Imperial county, and it was forwarded at once to the secretary of state. George Magill filed the petition of S. C. Evans, candidate for the Republican nomination for Congress.

Dr. I. D. Mills has decided to accept the Democratic central committee's offer of the nomination for assemblyman, and this morning he appointed L. M. Hopper as verification deputy.

George Bauer, Socialist candidate for state senator, has appointed W. N. Boyce as verification deputy.

Property Attached  
A ranch belonging to Lee I. Hunniston and others has been attached in a suit brought by C. Will Risden for \$335.36.

Appoints Deputies  
Louis Paul Hart, editor of the Huntington Beach News, candidate for the Democratic nomination for state senator, has appointed L. M. Hopper of Santa Ana and C. G. Peters and D. G. Wetlin of Huntington Beach as verification deputies.

For Guardianship  
Ethel Nessmith has petitioned for letters of guardianship on the estate of Arthur Smith, aged 13, who is heir to \$40 from a grandfather's estate being probated in Arkansas. Tipton & Callor are the petitioner's attorneys.

Foreclosure Suit  
Ida Hasson Fribe has brought a foreclosure suit against E. N. Atland and others. Property at McPherson is concerned. Judgment for \$2158.18 is asked. Amend & Amend of Los Angeles are attorneys for the plaintiff.

Dismiss Case  
A stipulation of dismissal has been entered in the suit of C. E. Gault against John P. Berg.

Marriage Licenses  
Emil Dumke, 23, and Eva M. Armstrong, 23, both of Anaheim; James V. Westbrook, 23, of Los Angeles, and Lillian M. Hayes, 22, of Santa Ana.

HANFORD REDUCED  
R. R. TAXES \$40,000  
AS LAND DEAL PENDS

SEATTLE, Wash., July 20.—It was developed during the impeachment hearing of Federal Judge Hanford today that while Hanford was negotiating with the Northern Pacific for land, he reduced its taxes \$40,000 in a case of the company against Kings county which was being tried in his court.

Session May End Tonight

TROUBLE TALK  
SANTA MONICA, July 20.—Great indignation over the water situation was expressed at an open-air mass meeting of citizens at the corner of Arizona avenue and Sixteenth street last night, but after a half-dozen speakers had talked water and no-war for over two hours the pipes in the east and north sides were as dry as ever. A committee was appointed to

BLIND AND HALT  
GATHER TO KISS  
RELIC—SEEK CURES

CHICAGO, July 20.—The annual gathering of the lame, halt and blind at the shrine of St. Anne began Thursday at the California Avenue Church, where wonderful cures are said to have been made in past years. The Novena services began in the morning and when the doors of the church were opened there was a crowd of persons, some supported on canes, others on crutches, and on the arms of friends and more riding in wheel chairs, present sufficient to almost fill the place of worship.

All who desired were given the privilege of kissing the sacred relic, a piece of the wristbone of the saint. Eager hands were stretched forth by those suffering from all manner of ills for a chance to even touch the relic.

"I do not maintain that any miracles were performed while I was here a year ago," said Father Delv Thursday night, "but it is true that many were cured and purely through their faith."

SAN QUENTIN FOR  
TUFTS, THE MYSTIC

LOS ANGELES, July 20.—Gorham Tufts, the mystic ascetic, was sentenced today to three years in San Quentin following his conviction on the charge of obtaining money under false pretenses from his wife, formerly Mrs. Jennie Roe, a millionaire widow of Fort Worth, Texas, and Chicago. According to the plaintiff's allegations Tufts represented that he was raising money for foreign missionary work.

RUSSO-JAPAN PACT HAS  
STRENGTHENED JAPAN

TOKIO, July 20.—The Tokio Nichi-Nichi Shimbun alleges that the new Russo-Japanese entente has strengthened Japan's position in South Manchuria and also has included Inner Mongolia in this country's sphere of influence. The Tokio Shimbun asserts that the so-called new agreement merely comprises supplementary secret provisions.

PACIFIC MAIL TO  
QUIT FIGHT ON  
THE CANAL BILL

WASHINGTON, July 20.—Word came to Washington yesterday direct from Judge Lovett, head of the Harri-man interests, that the Pacific Mail would no longer contest the provisions of the Panama Canal bill. Unless the Pacific Mail can show the same privileges as other shipping lines, it was said, it does not ask for anything, and will not send its ships through the canal.

KILLED BY TRAIN  
SAN BERNARDINO, July 20.—Killed by the train which he had run in years past and to again take out which he was on his way to Needles was the fate of Fred Wolf, veteran Santa Fe engineer on the desert division.  
At Hackberry Wolf was struck by the California Limited. He became bewildered on the tracks and was run down by the big locomotive that had been his own before he left the Santa Fe a number of months ago.

POLITICS WARMING UP—  
HILLES BEGINS ACTION

NEW YORK, July 20.—The Republican sub-committee of the National Committee resumed its session here today. Chairman Hilles will telephone President Taft the result of the first conference. He expected to name his advisory and executive committees. Much important work is scheduled.

## DELAY ARCHBOLD TRIAL

Impeachment Court Fixes August 3 As  
Limit for Answers But Did Not  
Decide Trial Date

WASHINGTON, July 20.—The impeachment court, which will try Judge Archbald of the Commerce Court for a bribe session yesterday, fixed Aug. 3 as the limit for all formal answers and then adjourned until July 29 without deciding if the trial shall go on this summer or go over until fall.

BURSTING PIPE  
SLEW 5 FIREMEN

Liner Arrived in Port With Sad  
Story—Firemen Were He-  
roes; Saved Score of Men

NEW YORK, July 20.—The liner Principe de Piedmont arrived today with a gruesome story of the death of five firemen when a steam pipe in the boiler room burst. One was rescued. Twenty-two were severely burned and there was a near panic among the passengers.

The ship's firemen proved themselves heroes. They descended into the steam-filled room and rescued a score of unconscious men.

STANDARD CASE TO  
GO OVER TILL FALL

LOS ANGELES, July 20.—The case of Earl Standard, the alleged bank embezzler of Pomona, may go over until the September term of court according to present indications. When Standard appears Monday his attorneys will argue for the operation of the statute which gives them ten days to study indictments after arraignment. As court adjourns this week, they would be unable to report on their findings until the September term.

COMMENDS NEW JERSEY  
LEGISLATION AS MOST  
ADVANCED IN COUNTRY

What is designated by the National Association for the Study and Prevention of Tuberculosis as the most advanced legislation in the campaign against tuberculosis has been enacted by any state in the United States, if not by any country in the world, is found in a bill just passed by the New Jersey legislature.

The new law provides that tuberculosis patients who refuse to obey the regulations laid down by the State Board of Health concerning the prevention of their disease, and thus become a menace to the health of those with whom they associate, shall be compulsorily segregated by order of the courts, in institutions provided for the purpose. If such a patient refuses to obey the rules and regulations of the institution in which he is placed, he may be isolated or separated from other persons and restrained from leaving the institution. The law further provides that all counties in the state of New Jersey shall within six months from April 1st, make provision in special institutions for the care of all persons having tuberculosis in these counties. The state treasury will subsidize each county to the extent of \$3.00 a week for each person contained in these institutions except those who are able to pay for the cost of maintenance.

Commenting upon this legislation, the National Association for the Study and Prevention of Tuberculosis says that it is the most advanced legislation of its kind that has ever been enacted in this country by any state legislature. The only other state which provides for compulsory segregation of dangerous cases of tuberculosis, is Maryland. The only city in the United States which has adopted a special ordinance providing for compulsory removal of dangerous tuberculosis cases, is San Francisco. A few other cities, such as New York, exercise this power under certain provisions of their sanitary codes, but no other city has any special ordinance on the subject.

The National Association declares that a consumptive who exercises sufficient precautions in the disposal of his sputum need not be a menace to anyone. The association goes further, however, in saying that when a consumptive refuses to adopt the proper precautions necessary to prevent the spread of his disease, he should be forcibly isolated and segregated in a special hospital provided for that purpose.

A NEW NOVEL by Maria Thompson Davis, Author of "Miss Selina Lue, &c.

The Melting of  
Molly

Molly is a widow, plump and merry and young.

Molly loved Alfred Bennett in her debutante days; now he is coming home a distinguished diplomat and wants to see Molly in the san e blue muslin dress (waist measure twenty-three inches) which she had worn at seventeen.

So Molly has to grow slim as a string-bean in just three months. And as she has at least four suitors, the melting process—a fairly complicated business—is often interrupted. The gay, irresistible Molly, all sweetness and spice and everything nice, is a most fetching heroine

Eyes as blue as Heaven,  
Dimple in her chin—  
Wonder why dear Molly  
Wanted to get thin?
